

# PARKWOOD

## The Milson

The Milson design suits a rugged terrain and features skillion ceilings creating a light filled living space. Complimented by state of the art kitchen and serviceable timber floors spilling onto 3 decks to maximize views. It has three good sized bedrooms with bathroom and ensuite, laundry and seperate W.C.

16.0 x 11.8

The Milson represents great value and an award winning design that optimizes relaxed family living while maintaining the best of modern contemporary style.

**Parkwood Homes scoops Newcastle Master Builders Awards Judges Awards .....** Best Environmentally sustainable development  
 Best construction of a detailed or innovative project  
 Major Award..... Best Commercial Project

Parkwood Homes won the Major Award of Commercial Project with the judges acknowledging one of the most important issues was that the construction method would conceal the fact that the units were built in sections. The judges who had been particularly impressed with the level of finish commented, "For a prefabricated unit we couldn't even find the joins. Every part of build-ability has been addressed by the contractor through innovation and design excellence.
